JOINT COMMITTEE ON ADMINISTRATIVE RULES

NOTICE OF PROPOSED AMENDMENT(S)

SOURCE: Adopted at 3 Ill. Reg. 49, p. 230, effective December 10, 1979; rules repealed, new rules adopted and codified at 4 Ill. Reg. 49, p. 166, effective December 1, 1980; amended at 5 Ill. Reg. 5164, effective May 15, 1981; amended at 9 Ill. Reg. 20691, effective January 1, 1986; amended at 10 Ill. Reg. 21717, effective May 1, 1987; amended at 17 Ill. Reg. _____, effective _____.

Section 230.100 Basic Policy

- a) The fact that situations occur in which agencies must take prompt action to adopt rules is recognized by the Joint Committee on Administrative Rules (Joint Committee) and the Illinois Administrative Procedure Act (Act) (Ill. Rev. Stat. 1991, ch. 127, par. 1001-1 et seq.) [5 ILCS 100]. In some of these instances, emergency rules must be adopted under the process provided for this purpose by Section 5-45 5-02 of the Act. However, the Joint Committee believes that public notice and comment is an essential part of the rulemaking process, which should only be by-passed for very serious reasons. The use of the emergency rulemaking process must be limited to situations which that reasonably constitute a threat to the public interest, safety or welfare, and which that require the adoption of rules upon fewer days' notice than is required by Section 5-02 5-40 of the Illinois Administrative--Procedure Act (Act)--(444-Rev. Stat--1985; ch--127 par--1005-01).
- b) The Joint Committee is empowered by Section 7-07 5-120 of the Act to examine any rule. The Joint Committee will review each rule adopted through the use of emergency rulemaking under this power. The purpose of this review is to ensure insure that the use of the process is limited only to those situations which that meet the requirements of Section 5-02 5-45 of the Act. The criteria which--are used in this review are stated in Sections 230.400 and 230.550 of this Part.

Section 230.200 Definitions

- a) The terms and definitions found in 1 Ill. Adm. Code 210.100 are incorporated into this Part.
- b) "Emergency rule" means a rule adopted pursuant to the rulemaking process provided in Section 5-02 5-45 of the Act.
- c) "Emergency rulemaking" means the process of adopting a rule as provided in Section 5-02 5-45 of the Act.

JOINT COMMITTEE ON ADMINISTRATIVE RULES

NOTICE OF PROPOSED AMENDMENT(S)

Staff may develop ~~recommendations~~ proposals for consideration by the Joint Committee. Staff ~~recommendations~~ proposals are advisory only and ~~shall~~ do not limit the Joint Committee's power to take some other action. If requested by the agency, the Joint Committee will provide a copy of such comments to the agency, unless the person or group requests that a copy of the comments not be provided, or unless the comments were provided as part of the complaint review process (1 Ill. Section 240.100 Basic Policy

a) The fact that situations occur in which agencies are required by a federal law, federal rules and regulations, collective bargaining agreements, or a court orders to take a prompt action to adopt rules is recognized by the Joint Committee on Administrative Rules (Joint Committee) and the Illinois Administrative Procedure Act (Act) (Ill. Rev. Stat. ~~1985~~ 1991, ch. 127, par. ~~1001~~ 1001-1 et seq.) [5 ILCS 100/1-1 et seq.]. In some of these instances, peremptory rules must be adopted under the process provided for this purpose by Section 5-~~03~~ 5-50 of the Act. However, the Joint Committee believes that public notice and comment is an essential part of the rulemaking process, which should only be bypassed for very serious reasons. The peremptory process may be used only in situations where in which the agency has no discretion as to the content of the rule ~~or~~ rulemaking and where--it when the agency is precluded from complying with the general rulemaking requirements of the Act.

b) The Joint Committee is empowered by Section 7-~~07~~ 5-120 of the Act to examine any rule. The Joint Committee will review each rule adopted through the use of peremptory rulemaking under this power. The purpose of this review is to insure that use of the process is limited to only those situations which that meet the requirements of Section 5-~~03~~ 5-50 of the Act. The criteria which are used in this review are stated in Sections 240.500 and 240.650 of this Part.

c) The use of the peremptory rulemaking process to implement consent decrees and other court orders which reflect adopting settlements negotiated by an agency is prohibited pursuant to Section 5-~~03~~ 5-50 of the Act.

- c) "Federal rules and regulations" means those rules which are published in the Code of Federal Regulations or those rules published as adopted rules in the Federal Register.
- d) "Peremptory rule" means a rule adopted pursuant to the rulemaking process provided in Section 5-~~03~~ 5-50 of the Act.

Unless the Joint Committee receives a copy of the order or agreement on or before the date the peremptory rule is published in the Illinois Register, the Joint Committee will request a copy, which must be immediately provided by the agency. The Joint Committee staff will review the peremptory rule or rulemaking, including the notice and the text pursuant to the criteria specified in Sections 240.500 and 240.650 of this Part. 12. The purpose of the present study was to investigate the effect of the use of a computer program on the learning of the English language. The study was conducted in a secondary school in the city of Thessaloniki, Greece. The sample consisted of 40 students, 20 in the experimental group and 20 in the control group. The experimental group used a computer program for the learning of the English language, while the control group used traditional teaching materials. The results of the study showed that the use of the computer program had a significant positive effect on the learning of the English language. The students in the experimental group achieved significantly higher scores than the students in the control group. The results of the study suggest that the use of a computer program can be an effective tool for the learning of the English language.

10)

Statement of Statewide Policy Objectives: In amending the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111 $\frac{1}{2}$, par. 1001 et seq.) [415 ILCS 5/1 et seq.] with the addition of Section 39.5, the General Assembly determined that the Air Pollution Control permit system should be further revised to allow for easier permitting for sources that emit less than 25 tons per year of specified air contaminants. Therefore, the General Assembly also amended Section 39 by requiring that the Pollution Control Board adopt rules allowing for permits that do not expire except under certain circumstances for those smaller sources.

These proposed amendments do not create or enlarge a state mandate as defined in Section 3(b) of the State Mandates Act. (Ill. Rev. Stat. 1991, ch. 85, par. 2203(b)). [30 ILCS 805/1 et seq.]

AND REVIEW PROCESS

Section 201.162 Duration

No operating permit shall be valid longer than five years or such shorter period as the Agency may specify in the operating permit as necessary to accomplish the purposes of the Act and this Chapter unless the source is subject to Subpart E of this Part. Applications for renewal of an operating permit shall be submitted to the Agency at least 90 days prior to the expiration of the prior permit, and shall conform to Sections 201.157, 201.158 and 201.159. The standards for issuance of renewal of operating permits shall be as set forth in Section 201.160.

(Source: Amended at 17 Ill. Reg. _____, effective _____)

Section 201.163 Joint Construction and Operating Permits

In cases where the Agency determines that an emission source or air pollution control equipment is sufficiently standard so as to obviate the need for separate construction and operating permits, the Agency may issue a joint construction and operating permit. The Agency may adopt procedures which: set forth the circumstances under which joint construction and operating permits may be issued; require data and information designed to determine compliance with this Chapter, and ambient air quality standards; and which set forth the format by which all data and information shall be submitted. The standards for issuance of joint construction and operating permits shall be as set forth in Sections 201.155 and 201.160. Except as herein provided, nothing in this Chapter shall be deemed to limit the power of the Agency in this regard. No joint construction and operating permit shall be valid for longer than five years or such shorter period as the Agency may specify the joint construction and operating permit as necessary to accomplish the purposes of this Chapter unless the source is subject to Subpart E of this Part. Applications for renewal of a permit shall be submitted to the Agency at least 90 days prior to the expiration of the prior permit, and shall conform to such procedures as may have been adopted by the

Agency; and the standards for issuance of renewal permits shall be as set forth in Sections 201.155 and 201.160. The term "operating permit" as used elsewhere in this Chapter shall be deemed to include a joint construction and operating permit.

SUBPART E: CONDITIONS OF PERMITS

SPECIAL PROVISIONS FOR OPERATING PERMITS FOR
CERTAIN SMALLER SOURCES

Reserved

Section 201.180 Applicability

a) Persons required to obtain operating permits under Part 201 are subject to this Subpart if:

1) The total emissions of all regulated air pollutants, as defined by 35 Ill. Adm. Code 211.5500(b), that the source is permitted to emit on an annual basis are less than 25 tons; and

2) The source is not subject to the operating permit requirements under Section 39.5 of the Act.

b) This Subpart only applies to sources which meet the requirements of subsection (a) above and whose permit has not expired pursuant to a renewal request under Section 201.181(a) of this Part. If this Subpart no longer applies to a source and its permit has not expired pursuant to a renewal request under Section 201.181(a) of this Subpart, the terms and conditions of the permit shall remain in effect until the permit is superseded by a new or revised permit or it is withdrawn.

c) Nothing in this Subpart shall be construed as exempting persons with permits issued pursuant to this Subpart from the requirements of Section 201.142 of this Part requiring a construction permit or from review under Part 203 procedures for new and modified emission units.

d) Unless specifically stated otherwise in this Subpart, all rules in this Part apply.

Section 201.181

Expiration and Renewal

a) Notwithstanding Section 201.162 of this Part, an operating permit subject to this Subpart shall expire 180 days after the Agency sends a written request for renewal of the permit. A permit shall also terminate if it is withdrawn upon written request by the permittee or is superseded by a revised permit issued for the source.

b) The Agency may request the renewal of an operating permit subject to this Subpart for reasons including, but not limited to, a change in the requirements applicable to the source; an indication that the information on the source's application is inaccurate; or information that the source may not be in compliance with the Act, a Board regulation or an existing permit condition.

c) In its request for renewal pursuant to subsection (a) above, the Agency may include a request for any supplemental information that the Agency may need to determine the continued applicability of this Subpart or the ability of the source to comply with any applicable requirement.

d) An owner or operator may appeal to the Board only a final determination by the Agency to deny a permit or to include conditions as provided by Section 40 of the Act and Section 201.210 of this Part, or a determination that a permit application is incomplete based upon, but not limited to, a failure to submit information requested under subsection (c) above or Section 201.158 of this Part.

Section 201.187

Requirement for a Revised Permit

a) Persons with operating permits subject to this Subpart must obtain a revised permit prior to any of the following changes at the source:

1) An increase in emissions above the amount the emission unit or the source is permitted to emit; or

2) A modification; or

3) A change in operations which will result in the source's noncompliance with a condition in the existing permit; or

NOTICE OF PROPOSED AMENDMENT

- 4) A change in ownership, company name, or address, so that the application or existing permit is no longer accurate.
- b) If changes in the source's emission units or control equipment remove a source from the applicability of this Subpart, an owner or operator shall apply for a revised permit under Subpart D of this Part or under Section 39.5 of the Act.

Section 113.155 Property Transfers For Applications Filed On Or After October 1, 1989

- a) The provisions for the transfer of property (i.e., assets) listed in subsections-(a)-(e)-and-(f) below apply to residents of long term care facilities who apply for assistance on or after October 1, 1989, regardless of the date of the transfer and to residents whose application is filed prior to October 1, 1989, if the transfer occurs on or after October 1, 1989.
- b) The provisions for the transfer of property (i.e., assets) listed in subsections-(a)-(e)-and-(f) below apply to a resident's spouse when the resident applies for assistance on or after June 1, 1991, if the transfer occurs on or after December 20, 1989, and to a resident's spouse when the resident's application is filed prior to June 1, 1991, if the transfer occurs on or after June 1, 1991.
- c) The provisions for the transfer of property (i.e., assets) listed in subsections-(a)-(e)-and-(f) below do not apply to eligibility determinations for individuals who reside in the community.
- d) A transfer of assets occurs when a resident of a long term care facility or the resident's spouse buys, sells or gives away real or personal property or changes (e.g., change from joint tenancy to tenancy in common) the way property is held.
- e) A multiple transfer of assets occurs when a resident of a long term care facility or the resident's spouse transfers assets in two or more steps that could have been done in a single transaction.

Section 113.155 (continued)

e)f) A transfer is allowable if:

- 1) the transfer occurred more than thirty (30) months ~~from before~~ the date of application or more than thirty (30) months before entry into the long term care facility;
- 2) the transfer, by the resident's spouse, occurred prior to December 20, 1989;
- 3) a fair market value was received. Fair market value is the price that an article or piece of property might be expected to bring if offered for sale in a fair market. Fair market value is determined by statements obtained from institutions, community members, etc. (e.g., bankers, jewelers, reputable realtors, etc.) recognized as having knowledge of property values;
- 4) homestead property was transferred to:
 - A) a spouse;
 - B) the individual's child who is under age 21;
 - C) the individual's child who is blind or permanently and totally disabled;
 - D) the individual's brother or sister who has an equity interest in the homestead property and who was residing in the home for at least one (1) year immediately prior to the date the individual entered the facility; or
 - E) the individual's child who provided care for the individual and who was residing in the homestead property for two (2) years immediately prior to the date the individual entered the facility;
- 5) The transfer by the resident was to the community spouse or to another individual for the sole benefit of the community spouse and the amount transferred does not exceed the Community Spouse Asset Allowance. The Community Spouse Asset Allowance, as of October 1, 1989, is an amount up to but not greater than \$60,000 that the resident may transfer, without affecting eligibility, to the community spouse or to another individual for the sole benefit of the community spouse. As of October 1, 1989, the amount of assets a resident may transfer to his or her community spouse is \$60,000 minus any non-exempt assets of the community

Section 113.155(f)(5) (continued)

spouse. The amount established as the Community Spouse Asset Allowance shall be increased for calendar years after 1989 by the same percentage as the percentage increase in the consumer price index for all urban consumers. The Community Spouse Asset Allowance is subject to the following qualifiers:

- A) The amount of assets sufficient to provide (the amount of income generated) the Community Spouse Maintenance Needs Allowance (as described at 89 Ill. Adm. 120.61) as determined by a fair hearing; or
- B) The amount transferred under a court order to the community spouse;
- 6) the transfer was to the individual's child who is blind or permanently and totally disabled or to another person for the sole benefit of the individual's child;
- 7) the individual intended to transfer the assets for fair market value;
- 8) It is determined that denial of assistance would create an undue hardship. Examples of undue hardship include, but are not limited to, situations in which:
 - A) the resident is mentally unable to explain how the assets were transferred;
 - B) the denial of assistance would force the resident to move from the long term care facility; or
 - C) the individual would be prohibited from joining a spouse in a facility or would prohibit the individual from entering a facility that is within close proximity to his/her family;
- 9) ~~it is determined that the transfer was made exclusively for a reason other than to qualify for assistance. A transfer for less than fair market value is presumed to have been made to qualify for assistance unless a satisfactory showing is made to the Department that the client or spouse transferred the asset exclusively for a reason other than to qualify for assistance;~~
- 10) the transfer by the resident was to the community spouse and was the result of a court order, ~~if~~ ^{or}

Section 113.155(f) (continued)

- 11) ~~the individual did not consent to or assist in the transfer (for example, a joint bank account in which monies are withdrawn without the permission of the individual).~~

g) Multiple transfers of assets may contain transfers in which:

- 1) all of the transfers of assets meet the provisions of subsection (f); or
- 2) none of the transfers of assets meet the provisions of subsection (f); or
- 3) one or more of the transfers of assets meet the provisions of subsection (f) and one or more of the transfers of assets do not meet the provisions of subsection (f).

h) Multiple transfers of assets which do not meet the provisions of subsection (f) are considered as a single transfer of the total amount of assets with the period of ineligibility beginning with the month of the first transfer which does not meet the provisions of subsection (f) and ending in accordance with subsections (j) when:

- 1) subsequent transfers which do not meet the provisions of subsections (f) are made during a period when the resident would be ineligible for assistance because a previous transfer does not meet the provisions of subsection (f); and
- 2) treating the transfers separately would result in a shorter total period of ineligibility than if the multiple transfers were considered as a single transfer; and
- 3) the transferred assets were available to the person during the month of a prior transfer which did not meet the provisions of subsection (f).

i) Multiple transfers of assets which do not meet the provisions of subsection (h) are treated as separate transfers. Each separate transfer is subject to the provisions of subsection (j).

f) If the transfer does not fall within the listing meet the provisions of subsection (e) above (i), the resident is ineligible beginning with the month in which such assets were transferred and until whichever occurs first:

- 1) the period of time the uncompensated amount of the asset would

Complete Description of the Subjects and Issues Involved: These proposed amendments are in response to recommendations from the Office of the Auditor General. Language is added to the rule to place the burden of proof on the client regarding the intent of asset transfers made for less than fair market value, to provide provisions for multiple transfers of assets and to delete language regarding transfers in which the person did not consent to or assist in the transfer. The intent of this rulemaking is to deter illegal transfer of assets which are made to become eligible for public assistance. These proposed amendments allow for multiple transfers of assets to be considered as a single transfer. This rulemaking also intends to prevent the use of multiple transfers from shortening a period of ineligibility. Amendments regarding asset transfers are also being proposed to the Aid to the Aged, Blind or Disabled rules (89 Ill. Adm. Code 113).

The proposed amendments also specify that individuals residing in public institutions are ineligible for medical assistance and that individuals confined in any penal or correctional institution are ineligible for assistance.

- 6) Will these proposed amendments replace emergency amendments currently in effect? No

- 7) Does this rulemaking contain an automatic repeal date? No

- 8) Do these proposed amendments contain incorporations by reference? No

- 9) Are there any other proposed amendments pending on this Part? Yes

Section 120.318 Institutional Status

- a) Individuals residing in public institutions (see 42 CFR 435.1009) are ineligible for financial and medical assistance.
- b) Individuals between the ages of 22-64 who are patients in an Institution for Mental Diseases (see 42 CFR 435.1009) are ineligible for financial and medical assistance. These individuals continue to be ineligible for financial and medical assistance while temporarily discharged for the purpose of obtaining medical care. Individuals who are temporarily discharged remain patients of the institution as long as they are not given a complete or absolute discharge while they receive medical care. An individual on conditional release or convalescent leave from an Institution for Mental Diseases is not considered to be a patient in that institution. A conditional release or convalescent leave is one that provides treatment for the illness or condition for which the individual was institutionalized rather than for a medical condition.
- c) Individuals confined in or under the jurisdiction of any local, state, or federal, penal or correctional institution, or law enforcement authority are ineligible for assistance.

The Community Spouse Asset Allowance, as of October 1, 1989, is an amount up to but not greater than \$60,000 that the resident may transfer, without affecting eligibility, to the community spouse or to another individual for the sole benefit of the community spouse. 15) Summary and Purpose of Amendment:

In Section 310.290, Out-of-State or Foreign Service Rate, the multi-state description under the titles of this section was revised to read "States other than California and New Jersey", in order to allow additional positions to be established in other states than those currently listed.

Also, the out-of-state titles that are in alignment with the Schedule of Salary Grades and collective bargaining were increased as of January 1, 1993, to maintain the same differential above the appropriate in-state salary grade for that title as of January 1, 1993.

In Section 310. Appendix C, the abolished titles of the Medical Facilities Administrators and the Physician Administrators are replaced with the titles of Medical Administrators I through V. The salary schedule for the Medical Administrators is illustrated in the text.

This consent decree requires the Department to make reasonable attempts to identify relatives who may be willing to serve as caregivers when related children are placed in care. The decree outlines the steps necessary to identify possible relative caregivers, requires the Department to explain the differences between public guardianship and private guardianship to possible relative caregivers, to advise relatives that they may seek a waiver of approval standards, and that, in many circumstances, the Department is obligated to grant the waiver request. The decree also outlines the requirements for notices to relatives, parents, children, and others when a relative placement is denied.

Section 302.390 Placement Services

- a) When Placement is Appropriate
1) Placement services are not offered unless appropriate family preservation services have been provided to the family, or have been offered to and refused by the family. However, when the children's safety and well-being are endangered as defined in

DEPARTMENT OF CHILDREN AND FAMILY SERVICES

NOTICE OF ADOPTED AMENDMENT(S)

subsection (d) below, and other services are deemed insufficient to ensure their safety and well-being, placement services shall be provided even though other appropriate services have not been offered.

- 2) Other than situations where emergency placement is necessary, the family shall be offered an appropriate mix of services directed at family preservation to supplement their parenting skills or to resolve or alleviate family problems which threaten to harm the child. Services directed toward family preservation shall be offered and will be identified in the service plan. When services are unsuccessful, or are offered to and refused by the family, the child may be placed in accordance with applicable legal procedures.

- 3) ~~Generally, the goal for children in placement is family reunification.~~ When efforts toward achieving family reunification fail to result in a home environment that is consistent with the child's safety and well-being, a new permanent legal status and permanent living situation shall be sought in accordance with the child's needs.

- b) Placement is Temporary

Placement is intended to be a temporary situation for the children during the time that the parents' ability to care for the child is being evaluated or the parents are receiving services to alleviate the problems in the home so the family can be reunited.

- c) Legal Authority to Place

The Department shall not place children until it has the appropriate legal authority to do so. Such legal authority includes: temporary protective custody in accordance with the Abused and Neglected Child Reporting Act (Ill. Rev. Stat. 1991, ch. 23, par. 20-1 et seq.) [325 ILCS 5]; an adoptive surrender(s) in accordance with the Adoption Act (Ill. Rev. Stat. 1985 1991, ch. 40, par. 1501 et seq.) [750 ILCS 50]; custody or guardianship in accordance with the Juvenile Court Act of 1987 (Ill. Rev. Stat. 1987 1991, ch. 37, par. 78-1 80-1 et seq.) [705 ILCS 405]; or temporary custody with written consent of the parent(s) or, if the child is not in the custody of either parent, written consent of the guardian or custodian of the child, in accordance with ~~An Act creating the Department of Children and Family Services, the Children and Family Services Act~~ (Ill. Rev. Stat. 1987 1991, ch. 23, pars. 5001 et seq.) [20 ILCS 505]. A written consent from a parent, guardian or legal custodian requesting temporary placement services for their child(ren) is known as a voluntary placement agreement. A voluntary placement agreement may be entered into for a maximum of 60 days and requires prior written approval of the administrator in charge of the Department region or his designee. A voluntary placement agreement may be renewed for an additional 60 days only with the prior non-delegable written approval of the administrator in charge of the Department region.

- d) Emergency Placement

Emergency placement services shall be provided immediately when other

DEPARTMENT OF CHILDREN AND FAMILY SERVICES

NOTICE OF ADOPTED AMENDMENT(S)

services will not ensure the safety of the child when the Department has reason to believe:

- 1) that leaving the child in the home of his caretaker would present an imminent danger to the child's safety and well-being; or
- 2) that the parent(s) of a child who has been left unsupervised and is unable to care for himself cannot be readily located and emergency caretaker services are not available; or
- 3) that services directed toward keeping the family together would not sufficiently protect the child from life-threatening or severe physical injury and would, therefore, endanger the child's safety and well-being; or
- 4) that the child appears to be severely ill or injured and the parent or caretaker is unable to care for the child in this situation; or
- 5) the child is abandoned; or
- 6) the child is a runaway in accordance with 89 Ill. Adm. Code 329, Return of Runaway Children.

- e) Placement Selection

All placement decisions will be made consistent with the best interests and special needs of the child. When children are removed from the care of a custodial parent, the Department shall explore whether the non-custodial parent would be a suitable caregiver to the children. If placement with the non-custodial parent is not consistent with the best interests and special needs of the children or if the non-custodial parent is not a suitable caregiver for the children, placement in substitute care shall be considered. Children who need placement shall:

- 1) be placed, if possible and appropriate, with a specified relative in accordance with the provisions of 89 Ill. Adm. Code 335 (Relative Home Placement);
- 2) ~~be placed in the least restrictive setting which most closely approximates a family and in which the children's needs will be met;~~ which is consistent with the best interest of the children; and
- 3) ~~be placed within reasonable proximity to their homes when the permanency goal is to return home and within the same school district, whenever possible, taking into account any special needs of the child and family, the importance of maintaining continuity of the children's educational and social relationships, and the availability of the service resources needed for the child and family; and~~
- 3) ~~be placed, if possible, in a home that most closely approximates the religious and cultural background of the biological family; and~~
- 4) ~~be placed in the home of a relative when the child can benefit from the relationship between the parent(s) and the relative and the child; and~~
- 4) ~~be placed, if a child of American Indian heritage, according to criteria described in 89 Ill. Adm. Code 307, Indian Child Welfare~~

1) Specified relatives, as defined in 89 Ill. Adm. Code 335, shall be given preference and first consideration over more distant relatives and non-relatives when selecting the placement for children for whom the Department is legally responsible. Department or private agency staff shall make reasonable attempts to identify, contact, and assess relatives who can meet the requirements of 89 Ill. Adm. Code 335, Relative Home Placement, and who are willing to provide care to related children.

2) When more than one relative has been identified who is willing to act as a caregiver to the related children, the Department or private agency provider shall select the relative who most closely meets the placement selection criteria in 89 Ill. Adm. Code 302, Section 302.390(e), Placement Selection, and 89 Ill. Adm. Code 335.200, Identification and Selection of Relative Placements.

2) f) Foster Family Home Care

1) Foster family home care is provided in licensed foster family homes for children who cannot remain home and who can benefit from a family structure of care. The Department shall have legal responsibility for the child before the child is placed in a foster family home.

2) Although foster family home care is generally provided to children whose parents are unable or unwilling to protect or care for them, it is also available for hearing impaired children who require special education not available in their home communities. The Department is not legally responsible for the children receiving this unique placement service. Care is provided in cooperation with the Illinois State Board of Education.

h) Residential Care

Residential care is provided in licensed group homes and residential care facilities (child care institutions and intermediate or skilled nursing care facilities). Group homes are considered to be a less restrictive environment than an institutional setting. Group home care is provided for teenagers unable to adjust to family living who need a less structured living situation than is provided in residential care facilities. Placement in a residential care facility shall be made only when no other less restrictive setting is appropriate for:

1) children requiring intensive services to change behaviors which significantly interfere with their ability to cope with daily

- life or which preclude placement in a family setting; or
- 2) children who require long term care on an ongoing basis in an intermediate or skilled nursing care facility because of a severe physical or mental handicap; or
- 3) children who require long term care on an ongoing basis because of a severe emotional handicap.
- i) Sharing Appropriate Information with the Caretaker
- 1) At the time the Department places a child in foster care or other substitute care setting, the Department shall provide available information about the child necessary for the proper care of the child to the foster parent or other caretaker.

2) This information includes:

- A) The medical history of the child including known medical problems or communicable diseases.
- B) The school history of the child, including any special educational needs.
- C) The case history of the child, including how the child came into care, the child's legal status and the permanency goal for the child.
- D) Other background information of the child, including behavior problems, habits, likes, and dislikes, etc.
- 3) Information subject to the Mental Health and Developmental Disabilities Code, shall be shared only in accordance with 89 Ill. Adm. Code 431, Confidentiality of Personal Information of Persons Served by the Department, Section 431.7.
- 4) Information regarding the Acquired Immunodeficiency Syndrome (AIDS), AIDS Related Complex (ARC) or Human Immunodeficiency Virus (HIV) test results, shall be shared only in accordance with 89 Ill. Adm. Code 431, Confidentiality of Personal Information of Persons Served by the Department, Section 431.11.
- 5) When the above information is not available at the time of placement, the caretaker shall be given what information is available and advised that additional information will be provided when it is received.

- a) Illinois resident hunters must have a current, valid "Archery Deer Permit" (\$15.00). Those persons who were Illinois residents at the time of application for multiple year bow and arrow deer permits shall be allowed to utilize such permits regardless of future residency. Deer permit fees for non-resident archery hunters shall be \$100.00 for each either-sex archery permit and \$25.00 for the antlerless-only archery deer permit; the same fee as an Illinois resident would be charged for a deer hunting permit by the state in which the applicant resides, except in no case shall the fee be less than \$50.00; and if the state in which the applicant resides does not provide for deer hunting by Illinois residents, then the fee shall be \$100.00. The permit will authorize the holder to hunt in any of the open counties of the State, on property where permission to hunt has been obtained from the property owner. For permit applications and other information, write to:

Department of Conservation
Archery Deer Permit Office

Landowners or tenants having been issued a free landowner/tenant either-sex archery permit shall be issued an additional antlerless-only free landowner/tenant archery permit. The deer hunting permit issued without fee shall be valid on all farm lands which the person to whom it is issued owns, leases, or rents. (Ill. Rev. Stat. 1991, ch. 61, par. 2.26) [520 ILCS 5/2.26].

For example, if 3 persons own 90 acres, only 2 of the landowners and their immediate family may receive deer permits. Shareholders of corporations owning 40 or more acres of land in a county may apply for a free permit to hunt the corporation lands only. Lands leased to corporations shall not be considered as a basis for a free permit for the shareholders of the lessee. Lands held in trust by corporations shall not be considered as a basis for a free permit by the shareholders of the trustee. If application is made for a free permit based upon lands owned by the corporation, a duly authorized officer of the corporation must sign a notarized statement authorizing the applicant to hunt on the corporate lands for which a permit is being requested. This statement must identify the applicant as a shareholder, identify authorization to hunt and identify that no more than 15 authorizations will be requested per county for the corporation lands. This document must be attached to the application upon submittal to the Permit Office.

- gi) A tenant for the purpose of this part is one who rents 40 acres or more land for commercial agricultural purposes under an agreement with a landowner. Hunting and mineral rights leases are not valid for a tenant permit. Commercial agriculture shall be defined as utilization of land for the raising of hay, grain crops or livestock for profit. Permits are not transferable. Refunds will not be granted.
- hj) A three dollar \$3.00 service fee will be charged for replacement permits issued by the Department of Conservation (Department or DOC), except permits lost in the mail, then there will be no charge. Monies from this source will be deposited in the Wildlife and Fish Fund.

Section 650.21 Deer Permit Requirements - Landowner/Tenant Permits - Paid and Free

Incomplete applications will be returned. Out-of-state landowners must obtain a non-resident hunting license, in addition to the deer permit. The fee for an out-of-state landowner deer permit is the same as an Illinois resident would be charged for an out-of-state landowner deer permit by the State in which the applicant resides, and if the State in which the applicant resides does not provide for deer hunting by Illinois out-of-state landowners, then the fee shall be \$100.00. These applications will not be subject to the public drawing or the Random Daily Drawing.
- b) Landowners, including out-of-state Illinois landowners, who own 40 acres or more of land or resident tenants renting or leasing 40 acres or more of farm land, and members of their immediate family whose domicile is on the same land as the landowner or tenant, may apply for a free permit for their property only in counties open for firearm deer hunting. These applications will not be subject to the permit lottery described above or the Random Daily Drawing. The deer hunting permit issued without fee shall be valid on all farmlands which the person to whom it is issued owns, leases or rents in counties open for firearm deer hunting. (Section 2.26 of the Wildlife Code, Ill. Rev. Stat. 1991, ch. 61, par. 2.26) [520 ILCS 5.2-26]
- c) The immediate family of a landowner or tenant is limited to the spouse, children or parents permanently residing on the same property as the landowner or tenant.
- d) A tenant for the purpose of Part 650 is one who rents 40 acres or more of land for commercial agricultural purposes under an agreement with a landowner. Commercial agriculture shall be defined as utilization of land for the raising of hay, grain crops or livestock for profit.
- e) Date of acceptance of landowner/tenant free permit applications will be publicly announced. Applications for county-wide paid permits must be submitted by February 28.
- f) Landowners, or tenants are not required to participate in the public drawing for permits.

- k) If the property is owned or rented by more than one person: Only one landowner (and his immediate family) or one tenant (and his immediate family) shall be issued a permit on a first-come, first-serve basis for every 40 acres of owned or rented land. For example, if 3 persons own 90 acres, only 2 of the landowners and their immediate family may receive deer permits.
- l) Shareholders of corporations owning 40 or more acres of land in a county may apply for a free permit to hunt the corporation lands only. Only one permit per 40 acres, for a maximum number of 15 permits per county shall be issued based on ownership of lands by corporations. Lands leased to corporations shall not be considered as a basis for a free permit for the shareholders of the lessee. DEPARTMENT OF PROFESSIONAL REGULATION
NOTICE OF ADOPTED AMENDMENTS

- 15) Summary and Purpose of Amendments: The Professional Conduct Rules for the Public Accounting Act mirror the Code of Ethics of the two predominant professional organizations of the accounting profession--the American Institute of CPAs (AICPA) and the Illinois CPA Society (ICPAS). Several months ago the Federal Trade Commission (FTC) filed an action against the AICPA, charging some portions of its Code of Ethics violated federal law by constituting a restraint of trade. After months of negotiation, the FTC and the AICPA entered onto an agreement whereby the AICPA rules on commissions and contingent fees were amended.

The Board of Directors of the Illinois CPA Society recommended that the Department of Professional Regulation revise its current rules on commissions and contingent fees to mirror those adopted under the AICPA/FTC agreement. The Department agrees with the Illinois CPA Society that these Amendments will continue to provide appropriate protection to the public, preserve the integrity and independence of the CPA profession, eliminate any perceived restraint of trade, and recognize the diverse and expanding role of the accounting profession.

This rulemaking also makes changes in the provisions relating to confidential client information and to the form of business entity in which a CPA may practice. These changes were recommended by the governing council of the AICPA.

Style changes also were made in response to comments from the Joint Committee on Administrative Rules.

- 14) Are there any Amendments pending on this Part? No
- 15) Summary and Purpose of Amendments: Amendments were proposed concerning a new reimbursement process for therapy services that are provided in nursing facilities. These services, which include speech, occupational and physical therapy services, and restorative program nursing assessments, have been billed to the Department by nursing facilities on Form DPA 1443, Provider Invoice. Field staff from the Bureau of Long Term Quality Care (BLTQC) then conducted post payment audits to verify the

delivery of services. Under the new amendments, such services will be reviewed during a nursing facility's Inspection of Care (IOC) survey, and reimbursement will be calculated according to the survey results.

The process of post payment audits regarding therapy services claims, is time consuming and not justified considering the funding amount associated with therapy services (\$900,000) or the low volume of facilities (350) billing for these services. The new reimbursement process will reduce staff time and result in greater overall efficiency.

During the transition of the reimbursement process to the IOC Program, any nursing facility providing therapy services is receiving an add-on to the nursing component of its per diem. This add-on is calculated by the Department according to historical data from paid claims and adjustments for the facility. Payment of the add-on amount began for January, 1993 services and will continue until the facility's therapy services rate can be calculated on the basis of survey results from an IOC conducted during the calendar year 1993.

According to the amendments, speech therapy has been moved to the Communication category, occupational therapy to the Occupational Rehabilitation Services category and physical therapy to the Physical Rehabilitation Services category of the IOC. Section 147.TABLE G, Therapy Services, is being repealed. Need Not Met language has been added for speech therapy, and some Need Not Met and Agency Note language under the Occupational and Physical Rehabilitation Services categories will be applicable to services rendered for occupational and physical therapy. Reimbursement times and allocations have been added to the appropriate Tables, and an additional minute of therapist time has been added to Level 1 of the Bathing/Grooming, Clothing, Eating and Mobility restorative and restorative maintenance categories in order to reimburse for assessment time.

Additional changes provide for the deletion of outdated language from Section 147.Tables A and B.

This program must be in the care plan and the resident's response to staff's intervention must be recorded in the clinical record at least monthly. Interventions may occur in 1:1 scheduled counseling sessions, group sessions no larger than eight, or strictly incident intervention. Incident intervention only programs are limited to residents with severe behavior problems which preclude participation in a more structured setting. Incident intervention only must consist of a plan with staff using ongoing specifically identified interventions for identified behavior occurrences. The plan may consist of any combination of the above-mentioned techniques. Interventions must take place at least three times a week.

are life threatening. A physical restraint may be used for brief periods to allow medical treatment to proceed if there is documented evidence of the resident's or legal representative's approval of the temporary physical restraint. Consultation has taken place with appropriate health professionals, such as physician, occupational therapist, physical therapist or rehab certified registered nurse, in the use of less restrictive supportive devices or methods. Where appropriate, the less restrictive measures have been successfully maintained without the use of physical restraints. Where less restrictive measures have not been successful and physical restraints have been applied, the care plan documents the duration, type and circumstances under which the restraint can be used. The restraints are properly applied and the resident is released from the restraint, exercised or ambulated, and repositioned for at least 10 minutes at least every 2 hours, the interdisciplinary team reviewed the continuing need for restraints and that reduction in duration or less restrictive measures have been discussed. (Source: Amended at 17 Ill. Reg. 13498, effective August 6, 1993)

Section 147.150 Statewide Rates

- a) This Section will become effective July 1, 1991 unless otherwise indicated.
- b) Per diem reimbursement rates for nursing care in intermediate and skilled care facilities consist of six elements: variable time reimbursement, training time reimbursement, fixed time reimbursement, fringe benefit reimbursement, and reimbursement for allowable costs of supplies, consultants, medical and nursing directors, and therapies.

- 1) Variable Time Reimbursement. Variable nursing time is that time necessary to meet the major service needs of residents which vary due to their physical or mental conditions. Each need level or specific nursing service measured by the Resident Assessment Instrument is associated with an amount of time and staff level (Sections 147.Table A and 147.Table B). Reimbursement is developed by multiplying the time for each service by the wage(s) of the type of staff performing the service except for occupational therapy, physical therapy and speech therapy. If more than one level of staff are involved in delivering a service, reimbursement for that service will be weighted by the wage and number of minutes allocated to each staff type. When a service can be provided by either an RN or an LPN, the wage used will be weighted by the average mix of RNs and LPNs in the sample of facilities used to set rates.

DEPARTMENT OF PUBLIC AID

NOTICE OF ADOPTED AMENDMENTS

Section 147.150(b)(1) (continued)

- A) Determination of wages. In calculating the rate, the figures used by the Department for "wages" will be determined in the following manner:
 - i) The mean wages for the applicable staff levels (RN's, LPN's, Nurse Aides) as reported on the cost reports and determined by geographical location will be the base.
 - ii) Fringe benefits will be equal to 21%.
 - iii) The fringe benefits will be added to the base.
 - iv) This new total will then be updated for inflation from the time period for which the wage data are available to the midpoint of the rate year to recognize projected wage changes.
 - v) Special minimum wage factor. For the period beginning July 1, 1990, the Department will modify the process used in subsection (b)(1)(A)(i) to determine regional mean wages for Registered Nurses (RN), Licensed Practical Nurses (LPN) and nurse aides to include a minimum wage factor. For those homes below 90% of the statewide average the wage is replaced by 90% of the statewide average. Effective July 1, 1991, through June 30, 1992, a final wage multiplier of 4.1% will be applied to wages. Beginning July 1, 1992, a final wage multiplier of 6.2% will be applied to wages.
- B) Determination of Times and Staff Levels. The times and staff levels have been assigned by a panel of administrators and nurses active in long term care. Prior time/motion studies were used to assist the panel. These times will be reviewed periodically to insure that they accurately reflect nursing practice in the State.

2) Training Time Reimbursement

Training Time Reimbursement is determined by assessed need for training, the time allotted for training and the wage rates for licensed and nurse aide staff during the rate year.

DEPARTMENT OF PUBLIC AID
NOTICE OF ADOPTED AMENDMENTS

Section 147.150(b) (continued)

3) Fixed Time Reimbursement. Fixed or indirect nursing time is that time which does not vary with resident condition or which cannot be measured by an assessment tool. It includes such items as staff meetings, supervision, "downtime", checking physicians' orders and time spent with residents which does not vary with condition. A statewide sample of residents will be used to determine "fixed" time. The mean variable time will be computed for the sample for each level of care, and this amount subtracted from Department of Public Health Minimum Staffing Ratios plus 5% for each level of care. (Department of Public Health Minimum Staffing Ratios, which are measured in terms of time, can be found in 77 Ill. Adm. Code 300.1230). Once the "fixed" time has been determined, the minutes will be weighted at 20% licensed and 80% unlicensed time and multiplied by the appropriate wage. This amount will be added to variable time for each resident in the sample. If fixed time is less than zero minutes, then it will equal zero.

4) Vacation, Sick Leave and Holiday Time. The time to be added for vacation, sick leave and holidays will be determined by multiplying the sum of Variable and Fixed Time by 5%. This time will then be weighted by 80% unlicensed and 20% licensed wages to determine the amount to be added to the rate for these benefits.

5) Special Supplies, Consultants and the Director of Nursing.

Finally, amounts will be added for health care and program supplies, consultants required by Department of Public Health (including the Medical Director), and the Director of Nursing. (A list of consultants required by the Department of Public Health can be found in 77 Ill. Adm. Code 300.830).

A) Supplies will be updated for inflation using the General Services Inflation (see 89 Ill. Adm. Code 140.551). A standard amount by level of care will be allocated for supplies. This amount will be determined based on the ratio of median updated supply costs by region to median costs for variable and fixed time by level of care (SNF/ICF) by region.

B) The same analysis will be used to determine an amount for Consultants (including Medical Director) and the Director of Nursing. However, these costs will be updated with the wage inflation rate.

Section 147.150(b) (continued)

6) Therapies. Reimbursement for physical therapy, occupational therapy, and speech therapy will not be based upon individual resident need assessments, but upon the total therapy program days the facility provided to Medicaid residents over the six-month period prior to and including the resident assessment date. These therapy days, by therapy type and level (see Table H) will be associated with staff time per day as shown in Table H, and staff wages to produce a per diem rate for each of the three therapy types.

A) Effective January 1, 1993 the Department will begin incorporating speech, occupational and physical therapy services and restorative program nursing assessments into the Inspection of Care (IOC) survey.

B) In order to transition reimbursement for these services to the IOC, facilities currently providing these services will receive an add-on to the nursing component of its per diem. The add-on amount will be calculated by the Department and will be based on historical data from paid claims and adjustments. The add-on amount will begin with January 1993 services and will continue until the facility receives a new rate as a result of an IOC survey conducted in calendar year 1993.

c) Determination of Facility Rates.

1) The rate each facility receives will be determined by the assessed needs of residents the facility serves. Effective January 1, 1990, nurses from Department of Public Aid (DPA) will conduct an assessment of 100% of the Medicaid residents by level of care in each home annually. The assessment will be conducted during the four month period prior to the annual nursing IOC rate adjustment date. The needs of the residents in the sample will be assessed with the Resident Assessment Instrument. An amount for each resident will be calculated by multiplying the number of minutes from the assessment by the appropriate wage/wages for each assessment item (see (a) subsection (b)(1) above), adding the appropriate amount for fixed time (see (b) subsection (b)(3) above) and amounts for vacation, sick and holiday time (see (c) subsection (b)(4) above), and supplies, consultants, and the Director of Nursing. (see (d) subsection (b)(5) above). The average of the rates for residents assessed will become the facility's per diem reimbursement rate for each Medicaid patient in the facility effective on the facility's annual nursing IOC rate adjustment date.

Section 147.150(c) (continued)

2) A copy of the Resident Assessment will be left with the facility upon completion.

d) Adjustment in Instrument. Residents assessed as being in need of a service but is not receiving the required service will be scored solely as need not met.

e) An interim IOC may be requested by a facility by notifying, in writing, the Bureau of Long Term Quality Care Bureau Chief within 180 days of the exit date of the last IOC. The following criteria shall be met before a request for an interim IOC can be made. A 25% or greater turnover in Medicaid residents since the last IOC or there has been a 7% or greater increase in the average per patient care time. The request for the interim IOC shall contain a full explanation of why the facility meets the criteria and must include any documentation relevant to the request. The facility will be notified within 45 days from the date the request is received of whether an interim IOC will be conducted. If approved, the Bureau will conduct a full IOC within 60 days of the written approval decision. Upon reassessment, an amended 2700 will be forwarded to the DPA. Upon receipt of the amended 2700 the facility's rate will become effective for the final six months of that facility's rate year.

f) If the interim IOC is scheduled to take place during the period when the next annual IOC is scheduled, only one IOC will be done. The rate that results will apply for the 18 month period which begins with the effective date of the interim IOC rate.

NOTICE OF ADOPTED AMENDMENTS

- All changes agreed upon by the Department and the Joint Committee on Administrative Rules have been made.
- 13) Will the Amendments Replace an Emergency Rule Currently in Effect? No
 - 14) Are there any other Amendments Pending on this Part? No
 - 15) Summary and Purpose of Amendments:
The newborn metabolic screening program screens all newborns in Illinois for biotinidase deficiency, congenital adrenal hyperplasia, galactosemia, congenital primary hypothyroidism, phenylketonuria (PKU), and sickle cell disease/trait and other hemoglobinopathies. The program also provides comprehensive follow-up services to all infants at risk and/or diagnosed with one of the above disorders. Early detection of these serious disorders prevents slow or poor physical and mental development and avoids costly rehabilitative services.

The State's newborn screening and follow-up services are funded by a combination of federal and state sources and provided by the Department's Genetics Program and the Metabolic Section of the Department's Laboratory. The expansion of the Genetics Program from a PKU screening program to one with a mandate and increase in services for screening for six conditions make it imperative to increase the funding necessary to operate the program. These adopted amendments will allow the Department to collect reimbursement on all infants, including those eligible for Public Aid. This change will generate an additional \$1,000,000 per year. Sufficient income will be generated by this revision to allow the Metabolic Section of the Laboratory and the Genetics Program to be self-supporting.

Section 205.10 Purpose

The purpose of this Part is to provide procedures to govern the conduct of the licensing hearing (the "licensing hearing") provided for in Section 20 of the Illinois Racing Act (the "Racing Act"), 230 ILCS 5/20, supplemental to those provided for in Part 204. This Part implements the provisions of the Racing Act, and the Illinois Administrative Procedure Act (the "IAPA"), 5 ILCS 100, and should be construed to give effect to, and not to limit, the rights conferred thereby. These rules expressly adopt the applicable provisions of the IAPA, including the IAPA's provisions applicable in contested cases such as the Licensing Hearing. See IAPA, 10-65.

Section 205.20 Notice

At least thirty days prior to the application deadline, the Board shall provide all current organization licensees and any other person who has requested an application for an organization license to conduct a horse race meeting with notice of the Licensing Hearing, including:

ILLINOIS RACING BOARD

NOTICE OF ADOPTED RULES

- (a) a statement of the time, place and nature of the Licensing Hearing (e.g., whether the Licensing Hearing will determine the allocation of racing dates in a single year or in multiple years; what conditions the Board proposes to impose upon licensees; whether the Licensing Hearing will determine inter-track wagering licenses and proposed conditions upon inter-track wagering licenses, such as a requirement that an inter-track wagering licensee receive simulcasts of certain races other than its own races);
 - (b) a statement of the legal authority and jurisdiction under which the Licensing Hearing is to be held;
 - (c) a reference to the particular Sections of the substantive and procedural statutes involved;
 - (d) a short and plain statement of the matters at issue and the consequences of a failure to participate in the Licensing Hearing; and
 - (e) the name and address of any hearing officer the Board may appoint, or a statement that the members of the Board themselves intend to preside as hearing officers at the Licensing Hearing.
- This notice shall be made public and shall also be posted in accordance with the rules governing the posting of agendas for Board meetings.

Section 205.30 Filing of Applications

Applications for an organization license to conduct a horse racing meeting in Illinois pursuant to the Racing Act shall be filed at the office of the Board no later than 5:00 p.m. on August 31 (or if August 31 is not a business day, the next business day thereafter) of the year prior to the year in which the meet is sought. Applications filed after this date shall be considered only under the provisions of Section 20(i) of the Racing Act. Each applicant shall file fifteen (15) copies of the application with the Board.

Section 205.40 Use of Applications

Applications shall state with particularity the type of license and dates sought to be awarded. Requests for licenses and dates may be made in the alternative. Applications are admissible into evidence as proof of what an applicant seeks or as admissions of parties, according to the rules of evidence.

Section 205.50 Filing of Evidence Supporting Applications

Each applicant for an organization license shall file, simultaneously with its application, fifteen (15) copies of the following:

- (a) prefiled written testimony in the form of an affidavit or affidavits (or pursuant to certificate as provided in Section 1-109 of the Illinois Code of Civil Procedure), and in question and answer format, supporting its petition. Except as stipulated by the parties, this written testimony, together with any exhibits referred to therein, shall constitute the applicant's case in chief at the licensing hearing. The written testimony shall conform to the provisions of

NOTICE OF ADOPTED RULES

Illinois Supreme Rule 191(a) applicable to affidavits offered in support of, or in opposition to, motions for summary judgment; and
 (b) all exhibits referred to in the application or prefiled written testimony.

Section 205.60 Parties

Parties to the Licensing Hearing consist of persons who have filed an application for an organization license. In addition, pursuant to Section 16(e) of the Racing Act, the Attorney General of the State of Illinois may participate as a party, at the request of the Racing Board, in order to protect public rights and enforce public duties arising in the Licensing Hearing. No other person may intervene or participate in the Licensing Hearing before the Racing Board or its duly appointed Hearing Officer, except that this provision shall not be construed to prohibit the Hearing Officer from taking official notice of staff data or memoranda pursuant to Section 10-40 of the Illinois Administrative Procedure Act [5 ILCS 100/10-40]. This Rule shall not prohibit representatives of any organization, including one representing horsemen, from providing evidence of its membership's position on any application through written testimony, sponsored by a party, as provided for herein. In the event an organization wishes to provide evidence of its membership's position on any application and can find no party to sponsor it as a witness, the organization may apply to the Hearing Officer for permission to provide written testimony subject to cross-examination as provided herein. The Hearing Officer shall allow such testimony, subject to the evidentiary rules set forth herein, upon a showing that despite reasonable efforts by the organization, no party would sponsor the testimony of the organization. Remission to an organization to provide testimony under this Section shall not make that organization a party or confer any of the rights of a party on that organization.

Section 205.70 Service of Application and Evidence Supporting Application

Each applicant shall serve a complete copy of its application and all supporting written testimony and exhibits on all persons who had applied for an organizational license the previous year by 5:00 p.m. on August 31 (or, if August 31 is not a business day, on the next business day) and on any other party who has filed an application in the current year. The Board shall notify all parties of the name and address of any other party filing an application for an organization license and all applicants shall serve a copy of the application and all supporting written testimony and exhibits on all such additional parties by messenger or overnight delivery.

Section 205.80 Pre-Hearing Conference

A pre hearing conference shall be conducted on August 24 (or, if August 24 is not a business day, on the next business day thereafter), during which conference the parties and Hearing Officer shall address preliminary matters including discussing stipulations required under Section 204.110 of Title 11, Subtitle B, Chapter 1, of the Illinois Administrative Code, the likely number

NOTICE OF ADOPTED RULES

of witnesses or exhibits preliminarily anticipated by any party, and any other matters designed to facilitate expeditious conduct of the licensing hearing. The pre-hearing conference may be adjourned and continued to a date selected by the Hearing Officer between the date applications must be filed and the date the Licensing Hearing shall commence. At the adjourned pre-hearing conference, the parties and the Hearing Officer may address objections to evidence filed with applications and also may address further stipulations intended to simplify evidentiary matters. Pre-hearing conferences under this Section shall be open to the public, notice thereof shall be given in the same manner as notice is given of meetings of the Board, and a transcript shall be kept, which transcript shall become a part of the record in the proceeding.

Section 205.90 Filing of Responsive Evidence & Motions

On or before 5:00 p.m. of September 14 (or, if September 14 is not a business day, the next business day thereafter), any party may file with the Board fifteen copies (15), and simultaneously serve on all other parties to the license hearing one copy of prefiled written testimony and exhibits responding to the application, supporting evidence, or exhibits filed by any other party. The responsive testimony and exhibits shall be in the same form as required for evidentiary materials submitted in support of an application. Any motion to strike or limit any prefiled supporting testimony or exhibits shall be filed with the Board and served by messenger or overnight delivery on all other parties on this same date.

Section 205.100 Licensing Hearing

- (a) The License Hearing shall commence on September 7 (or, if September 7 is not a business day, the next business day thereafter).
- (b) The members of the Racing Board or hearing officer presiding over the Licensing Hearing shall decide all evidentiary objections raised at the Licensing Hearing, subject to de novo review by the Board of the ruling of any hearing officer the Board may appoint, at the request of any party. Any evidence ruled inadmissible may be submitted as an offer of proof.
- (c) Each party shall, in alphabetical order, offer into evidence the prefiled written testimony and exhibits of each witness whose testimony it has filed in support of its application. Each such witness will then be subject to oral, cross and redirect examination by all parties according to the rules of evidence applicable for cross and redirect examination in the Circuit Court of Cook County, Illinois for non-jury trials and as provided in Section 10-40 of the Illinois Administrative Procedure Act [5 ILCS 100/10-40]. Thereafter, each party shall, in the same order, offer into evidence the prefiled written testimony and exhibits of each witness whose written testimony and exhibits it has filed in response to another party's application or supporting evidence. Each such witness will then be subject to oral, cross and redirect examination by all parties according to the rules of evidence applicable for cross and redirect examination in the

NOTICE OF ADOPTED RULES

Circuit Court of Cook County, Illinois for non-jury trials and as provided in Section 10-40 of the Illinois Administrative Procedure Act [5 ILCS 100/10-40].

Section 205.110 Disqualification of Hearing Officer

(a) Whenever any party believes a Hearing Officer or any Racing Board Member should be disqualified, for bias, prejudice, conflict of interest or any other reason, from conducting, or continuing to conduct, a Licensing Hearing, such party may file with the Racing Board a motion to disqualify the Hearing Officer or Board Member, setting forth the alleged grounds for disqualification. A party shall file such a motion promptly, upon learning of any grounds for disqualification. A party filing such a motion shall also serve a copy of such motion on the Hearing Officer and the Board, by messenger or overnight delivery. The Board shall enter a written ruling on such motion within three (3) days of the date on which such motion is filed.

(b) A Hearing Officer may recuse himself or herself from presiding at a Licensing Hearing.

Section 205.120 Ex Parte Communications

This rule expressly adopts the applicable provision of the IAPA, Section 10-60, regarding ex parte communications. Section 10-60 includes provisions that:

- (a) after notice of a hearing in a contested case such as the Licensing Hearing, agency heads, agency employees and hearing officers shall not communicate, directly or indirectly, in connection with any issue of fact, with any person or party, or in connection with any other issue with any party or the representative of any party, except upon notice and opportunity for all parties to participate;
- (b) a Board Member may, however, communicate with other members of the Board, and a Board Member or hearing officer may have the advice of one or more "personal assistants." To avoid any appearance of impropriety, however, the Board and the hearing officer shall utilize "personal assistants" who have no other involvement or participation in the Licensing Hearing. For purposes of this Section, a "personal assistant" shall not be deemed to be subject to a disqualifying involvement or participation in the Licensing Hearing if the "personal assistant" has observed the proceedings, reviewed testimony or exhibits for the purpose of advising a Board Member or the hearing officer.

Section 205.130 Incorporation of Part 204

Except as stated herein, or as inconsistent with this Part, the provisions of Sections 204.40 through 204.110, 204.130, and 204.140 of Title 11, Subtitle B, Chapter 1 of the Illinois Administrative Code shall apply to Licensing Hearings.

226.525 Amendment
- 4) Statutory Authority: Ill. Rev. Stat. 1991, ch. 122, pars. 14-1.01 et seq. and 2-3.6; 105 ILCS 5/14-1.01 et seq. and 5/2-3.6.
- 5) Effective Date of Amendments: August 3, 1993
- 6) If this emergency amendment is to expire before the end of the 150-day period, please specify the date on which it is to expire: N/A.
- 7) Date Filed in Agency's Principal Office: July 30, 1993.
- 8) Reason for Emergency: The need for this emergency rulemaking arises from a settlement agreement entered into by the State Board to resolve Price and Zaragoza v. Illinois State Board of Education and Robert Leininger. The substance of the agreement is to make permanent an injunction against enforcing the provisions of Section 226.525 as promulgated by the Board effective December 24, 1990. The Board must restore the previous content of this Section immediately in order to avert the threat of further litigation.
- 9) A Complete Description of the Subjects and Issues Involved: This amendment to Section 226.525 restores an earlier requirement for parental consent for any evaluation of a child in connection with special education, including the triennial reevaluation school districts are obligated to conduct under federal regulations. This action reverses amendments promulgated in late 1990 which would have permitted districts to proceed without parental consent under certain circumstances but whose implementation was enjoined.
- 10) Are there any proposed amendments to this Part pending? No.
- 11) Statement of Statewide Policy Objectives: This rulemaking will not create or enlarge a state mandate.
